“ Many knew you as Carl or Mr. Williams. I was fortunate enough to know you as Pop. To Jarrett you were Uncle Carl. When he came to stay with you and Mom, he rebelled so much that you sent him back to me. I remember calling you and asking you to help me save my son. You allowed him to come back. He is the man that he is because of the things you taught him Pop. You reminded him of the importance of self love and self respect.

Mom take comfort in knowing Pop is with his parents and siblings and one day you two will be together again.

“ Carl was a wonderful man and will be truly missed by all who loved him. We shared a birthday but a few years apart. He was as Jan(Claire) has stated many times, the love of her life. I pray God grants her strength and peace, and that memories of him sustains her for a lifetime. Keeping you and your family lifted in prayer. Love you. Deborah and Charles Babatu Murphy

Carl was the leader of the the Information Technology Senior management Forum (ITSMF);the premier organization for African Americans aspiring to be and become Chief Executive Officers, Chief Information Officers, Presidents and Executive leaders in Information private businesses and government businesses in the USA. He being one of a handful of Blacks (:less than 1%) to reach this level of achievement worldwide, he was committed to expand Black leadership and wealth in America.

I toiled with and came to know well and love this outstanding, compassionate, wise friend. It is with profound appreciation and deep sympathy I share this information and tribute to Carl and his beloved family.

Gone to soon and loved forever.
