“ *First of all, prayers for comfort for the family and all those impacted by the passing of Eric. It was an honor and privilege to work with Eric and his family for many years at North Carolina High School Athletic Association championships, and even though they had extraordinarily busy schedules (and bigger events to work than ours) they always found time for us and made us a priority. But besides being a consummate professional, Eric was a wonderful human being— an intelligent, kind, thoughtful, caring person. We always looked forward to the visits to our events and were consistently amazed by the great work that was done, but what was even more special was the deep bond of friendship that was created. I am so grateful for the relationship we had and will continue to pray for the family.— Rick Strunk*
